All new irrigation systems require a Reduce Pressure Valve installed at the customer's expense. This device must be tested annually by an appropriately licensed individual at the customer's expense. The results of this test must be furnished to the City of Strawn. Failure to comply will result in disconnection of service.

All new Commercial Meters require a Reduce Pressure Valve installed at the customer's expense. This device must be tested annually by an appropriately licensed individual at the customer's expense. The results of this test must be furnished to the City of Strawn. Failure to comply will result in disconnection of service.

## **SECTION III**

No free service or use of these facilities will be permitted.

## **SECTION IV**

Mandatory use of facilities will be enforced to all customers to whom service is available, and if and when service is available in the future.

## **SECTION V**

Only one (1) hook-up per meter will be allowed. A tap and meter will be required for additional residences or other buildings located on the same property, or adjacent property, and the required fees shall be paid. Each meter will be billed separately at the established rate for service.

## **SECTION VI**

### **METER ACTIVATION FEE**

Going forward no Deposits will be required to open a new account. In lieu of a deposit, a \$50.00 activation fee will be charged for each account opened.

## **SECTION VII**

### **DELINQUENT ACCOUNTS**

The following rules will govern all water user accounts:

1. All bills are due and payable on or before the 10<sup>th</sup> of the month following receipt of bill
2. If account is not paid by the 10<sup>th</sup> of the month following receipt of the bill, a late fee of \$10.00 will be added to the bill.
3. Water service will automatically be terminated AND METER LOCKED or REMOVED if account remains delinquent twenty-one (21) days after the due date, unless payment arrangements are made with the City Secretary and an agreement signed.

## **SECTION VIII**

### **RE-CONNECT**

1. In the event of removal of the meter, customer will be assessed a deposit of Two-Hundred (\$200.00) Dollars, plus a re-connect fee of Fifty (\$50.00) Dollars, plus the balance of outstanding bill not covered by original deposit consumed by the past due account.
2. No action on re-connect will be taken other than during regular City business hours, and all fees must be collected prior to said action.

## **SECTION IX**

### **REQUIREMENTS FOR TRAPS**

1. Discharges requiring a trap include:
  - (a) Grease or waste containing grease in excessive amounts;
  - (b) Oil;
  - (c) Sand;
  - (d) Flammable wastes; and
  - (e) Other harmful ingredients.
2. Any person responsible for discharges requiring a trap shall, at his own expense and as required by the approving authority:
  - (a) Provide equipment and facilities of a type and capacity approved by the approving authority;

- (b) Locate the trap in a manner that provides ready and easy accessibility for cleaning and inspection; and
- (c) Maintain the trap in effective operating condition.

## **SECTION X**

### **NOTIFICATION**

- 1. Notification of past due accounts and the balances will be printed on the water bill.

## **SECTION XI**

### **NEW ACCOUNTS**
