

Mandatory Language for a Monitoring & Reporting Violation

LEAD AND COPPER MONITORING

City of Strawn has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the period of January 1, 2013 to December 31, 2015 we did not test for lead and copper therefore we cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminants we did not properly test for during the last year, how often we are supposed to sample for these contaminants, how many samples we were supposed to take, how many samples we took, when samples should have been take, and the date on which the follow up samples will be taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When sample will be taken
Lead & Copper tap water sampling	10 samples every three years	0	June 1-Sept 30, 2015	June 1-Sept 30, 2016

What is being done?

We have revised our policy and procedures to insure that all required samples be collected in a timely manner. We have contacted our testing facility to insure that sample bottles will be delivered in a timely manner. If you have any questions, please contact Danny Miller at (254) 672-5311. You may also contact him at: City of Strawn, P.O. Box 581, Strawn, TX 76476 or email at city@strawntx.com.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by City of Strawn. Public Water System Number: TX1820005
